GLOBAL PARTNERS

your first choice for heart healthy ingredient solutions

SourceOne is the exclusive provider of proprietary heart healthy formulas containing PMFsource™ Citrus Flavonoids and TocoSource® Palm Tocotrienols found in the award-winning Cholesstrinol® Family of Formulas.

SourceOne offers multiple proprietary heart healthy combinations in our Cholesstrinol™ family of products. Not only are we a leading supplier of citrus flavonoids including hesperidin and narirutin, and the polymethoxylated flavones tangeretin, nobiletin, and Q10, Gamma Tocopherol, and more.

Clinical studies* support these science-based ingredients and combinations' natural ability to deliver heart healthy benefits from significantly promoting healthy total cholesterol, LDL & HDL cholesterol, and triglyceride levels to providing powerful antioxidant effects, promoting the body's natural anti-inflammatory response, and supporting healthy blood pressure levels.

VESIsorb® Patented Technology: Absorption 2.0

SourceOne, together with our Swiss partner, Vesifact, introduces bio-enhanced lipid-based ingredients and proprietary formulas containing CoSource®, OmegaChoice™, TocoSource®, and more. Using this "naturally self-assembling association colloidal delivery system," we can now meet the growing demand for enhanced bioavailability of these unique science-based ingredients and proprietary formulas taking their absorption and efficacy to the next level, truly making **SourceOne your first choice for heart healthy ingredient solutions.**
